The three years I spent with you were the greatest gift I could have ever asked for. I miss you more than you could ever imagine. Since July 20th I've listened to your voice messages you left me over and over each one ending with I love you baby. We were suppose to start a new life in Florida this month and leave the past behind. The loneliness I feel without you is unimaginable. Not a day has gone by that I haven't had in my thoughts. Not a day will ever go by that I don't remember the love I have for you. I will always look in the mirror and remember the day we got our tattoos of each others names. Not a day will go by that I won't remember how you taught me to laugh everyday. We came from different worlds but yet we fit together as one. We were suppose to spend our days together until we grew old. It didn't work out that way. I miss and love you baby. I pray you will wait until I get where your at so that we can spend eternity together. I will love you forever Blake Jon Schael. Rest In Peace. Thank you for your love. I will never forget you. We were excellent together. Hope to see you soon. Love always and forever, your baby,,, Erin.
