My deepest sympathy and prayers go to the family of Dr. George. I was treated by him years ago at Aurora and was struck by his compassion and kindness. He indeed served his profession well and his loss will be felt by many he touched with his bedside manner.

Dr. George was the first doctor that we met when we started going to Aurora. He was so kind, generous with his time and concern and just a great Doctor. If he had been in general practice, my family would have gone to him for our regular physician. We are sad to learn that Dr. George passed at this young age. He will be greatly missed. Our condolence to all of his family and friends.

George was my best friend. I met him at Highland Park Hospital where we both worked. I have loved him for 25 years. My family and I are deeply saddened by his passing. His spirit and energy were enough to last many lifetimes. My heart is broken and I'm so sad for his family.
